

CES Web Site Expanded

CES is proud to announce a significant expansion to the company web site. The site, which previously contained one-page of company information has been expanded to well over 200 pages of product information, specifications, manuals, and customer service items. Here are just few things that you can find on CESWaterQuality.com:

Product information

- Chemical controllers
- Hi-rate Sand Filtration Systems
- Ozone Generators
- Pool Covers
- Test Kits
- Chemical Feed Systems
- Deck Equipment
- Safety Equipment
- Heaters
- Handicap Lifts
- Pool Vacuums
- Inventory Clearance

Aquatic Facility Operators (AFO) class

- AFO information
- Course Outline
- Download a brochure
- Class Schedule through May 2003
- Directions and maps to classes
- On-line sign-up to any class
- Info on Guerrilla & CES operators course

Customer Service Helpers

- MSDS sheets on all CES Chemicals
- Links to track shipments
- Applying for credit
- Requesting insurance certificate
- Requesting copies of invoices

Technical Support/Service

- Troubleshooting chemical controllers
- Service and parts tips for chemical feeders
- Preventive maintenance programs
- Warranty Information
- Product manuals

More

- Copies of Department of Health Code
- CES code compliance checklist
- Newsletter Archive
- Magazine Article Library
- Chemical Dosage Calculator
- Pump Curves
- Links to related web sites
- Easy translations into Spanish

We are not done yet! The site is undergoing considerable monthly upgrades, and we welcome any ideas, requests, or tips on how to make this site more useful for you. Please feel free to send us your information at: info@ceswaterquality.com. Go ahead... log on and let us know what else we can do to provide you with "Excellence in Water Quality Control".

Inventory Clearance

2001 PAL aquatic handicap lift. Fully portable and complies with ADA requirements for commercial pools. Used one year on residential pool, and is no longer needed. Customer paid \$5,000 and would be willing to take \$3,500. Please check www.poollifts.com for more info on Pal lift. Contact customer service for more information on this great deal. NOTE: Inventory Clearance specials will soon be posted on the CES web site Product Information section.

Welcome

We are proud to announce the newest member to the CES Water Quality Team. Troy Schaneman recently joined CES as the South Florida Water Quality Consultant and territory manager. Troy is no stranger to the aquatic scene. He previously held the position of General Manager of the popular Adventure Landing Water Parks located in Daytona and Jacksonville. Troy brings a wide range of experience including water quality, filtration, code

compliance, and pool and facility management. His experience as a pool operator and facility manager helps him provide timely information and support from a customer's perspective. To reach Troy, please call (800) 940-1557.

AFO

The Fall/Winter AFO schedule is online at CESWaterQuality.com. You can get schedules, directions, or even sign up for a local course. No internet access? Call us at (800) 940-1557, prompt #5, for more information.
